Our architectural firm would like to take this opportunity to recommend Mr. Steven Carter and the construction services of Steven L. Carter Construction, Inc.

Thomas Takalashli, AIA

We have had the pleasure of working with Steve's firm on two major projects for Kal Kan Foods, Inc., i.e. the remodel of Kal Kan's national office and the parking area design in Vernon, California. In addition, we worked with him and his firm on the remodel of the Hollywood Professional Building, an historical preservation project that involved the adaptive re-use of an existing 8-story retail/office building into a mixed-use retail/residential building with 42 residential units.

2020 S. Robertson Blvd
Los Angeles
California 90034-1131

From start to finish, the efforts of Steven L. Carter Construction, Inc., were key to meeting the project's schedule and budget. We highly commend Steve and his very resourceful staff for their vast knowledge of construction and supervisory techniques. Steve is an exceptional contractor who is well versed, capable, and knows what it takes to construct a successful building.
